What is Crazy Time?

At **Crazy Time Demo** its core, Crazy Time is a live dealer game show developed around a giant, vertically mounted 56-segment wheel. Hosted by charming speakers in fancy, vibrant studio sets, the video game operates 24/7, streaming in high meaning directly to desktop and mobile phones.

Unlike traditional table video games like blackjack or roulette, which count on basic casino formats, Crazy Time mimics tv game shows. Players put bets on where they believe the wheel will stop, but the inclusion of a top slot multiplier and four interactive perk rounds raises the experience far beyond an easy spin of the wheel.

The Wheel Breakdown

Understanding the game begins with the design of the wheel itself. The 56 segments are divided into numerical bets and bonus offer game sets off.

Wheel Segment Payment/ Feature Variety of Segments on Wheel **Number 1** Pays 1:1 21 **Number 2** Pays 2:1 13 **Number 5** Pays 5:1 7 **Number 10** Pays 10:1 4 **Coin Flip** Activates Bonus Round 4 **Money Hunt** Sets Off Bonus Round 2 **Pachinko** Triggers Bonus Round 2 **Crazy Time** Triggers Bonus Round 1

The Top Slot Feature

Above the primary money wheel sits the **Top Slot**, a mini two-reel slot machine that spins simultaneously with every round of the main game.

- **Reel 1** screens among the wagering sections (numbers or reward games).
- **Reel 2** displays a multiplier (ranging from 2x approximately 50x).

If the horizontal reels align to create a match, that multiplier is used to the matching segment for that spin. If a bonus offer video game is selected and receives a multiplier, all prizes inside that perk round are increased appropriately, resulting in the video game's huge payment capacity.

The Four Crazy Time Bonus Rounds

The true body and soul of Crazy Time are its 4 perk games. Players who place a bet on a specific bonus offer section get to get involved when the wheel arrive at it.

1. Coin Flip

- **Frequency:** 4 segments on the wheel.
- **How it works:** A simple yet thrilling video game of chance. A coin with a red side and a blue side is flipped by a device. Each side is assigned a random multiplier before the flip. Whichever side lands face-up identifies the gamer's payout.

2. Cash Hunt

- **Frequency:** 2 sections on the wheel.
- **How it works:** The screen transitions to a shooting gallery featuring a wall of 108 random multipliers hidden behind various symbols (such as a cactus, target, or sheriff's badge). Gamers use a cannon crosshair to intend and shoot at a sign of their choice before the timer runs out. When time ends, all hidden multipliers are exposed, and players get the multiplier corresponding to their chosen target.

3. Pachinko

- **Frequency:** 2 sections on the wheel.
- **How it works:** Inspired by the traditional Japanese arcade game, a big Pachinko wall is shown, filled with physical pegs. The host drops a puck from the top, and it bounces down through the maze of pegs until it lands at the bottom in one of a number of multiplier slots-- or in a "DOUBLE" slot, which doubles all multipliers on the board and triggers a drop once again.

4. Crazy Time

- **Frequency:** 1 section on the wheel.
- **How it works:** The ultimate benefit round. Players go into a lively, virtual wonderland behind a red door, including a colossal 64-segment wheel.
- Players select among 3 flappers (Green, Blue, or Yellow).
- The host presses a huge red button to spin the wheel.
- Whichever segment the picked flapper points to is the multiplier won. If the wheel lands on "DOUBLE" or "TRIPLE," all multipliers on the wheel are doubled or tripled, and the wheel spins once again (approximately a maximum multiplier cap of 20,000 x).

Secret Features That Make Crazy Time Unique
