Integrating an enormous physical cash wheel, advanced augmented reality, and four distinct perk rounds, Crazy Time offers an intoxicating mix of high-octane home entertainment and possible payouts.

This comprehensive guide explores the mechanics, strategies, reward rounds, and cultural effect of the Crazy Time video game.

What is Crazy Time?

At its core, Crazy Time is a live dealership video game show constructed around a giant, vertically installed 56-segment wheel. Hosted by charismatic speakers in fancy, colorful studio sets, the game runs 24/7, streaming in high definition straight to desktop and mobile phones.

Unlike conventional table video games like blackjack or live roulette, which rely on standard casino formats, Crazy Time simulates television game programs. Players put bets on where they think the wheel will stop, but the inclusion of a top slot multiplier and 4 interactive bonus offer rounds elevates the experience far beyond an easy spin of the wheel.

The Wheel Breakdown

Understanding the video game begins with the design of the wheel itself. The 56 sectors are divided into numerical bets and benefit game triggers.

Wheel Segment Payment/ Feature Number of Segments on Wheel **Number 1** Pays 1:1 21 **Number 2** Pays 2:1 13 **Number 5** Pays 5:1 7 **Number 10** Pays 10:1 4 **Coin Flip** Sets Off Bonus Round 4 **Money Hunt** Activates Bonus Round 2 **Pachinko** Triggers Bonus Round 2 **Crazy Time** Activates Bonus Round 1

The Top Slot Feature

Above the main money wheel sits the **Top Slot**, a mini two-reel slots that spins concurrently with every round of the main game.

- **Reel 1** displays among the wagering sections (numbers or reward games).
- **Reel 2** displays a multiplier (varying from 2x as much as 50x).

If the horizontal reels line up to develop a match, that multiplier is used to the matching section for that spin. If a bonus video **Play Crazy Time Free** game is selected and gets a multiplier, all prizes inside that perk round are multiplied appropriately, resulting in the game's huge payout potential.

The Four Crazy Time Bonus Rounds

The real body and soul of Crazy Time are its four perk games. Players who position a bet on a specific bonus section get to take part when the wheel arrive on it.

1. Coin Flip

- **Frequency:** 4 sectors on the wheel.
- **How it works:** A basic yet awesome game of opportunity. A coin with a red side and a blue side is flipped by a maker. Each side is designated a random multiplier before the flip. Whichever side lands face-up identifies the player's payout.

2. Money Hunt

- **Frequency:** 2 segments on the wheel.
- **How it works:** The screen shifts to a shooting gallery featuring a wall of 108 random multipliers hidden behind different symbols (such as a cactus, target, or sheriff's badge). Gamers use a cannon crosshair to intend and shoot at a symbol of their option before the timer goes out. When time expires, all concealed multipliers are revealed, and gamers receive the multiplier representing their chosen target.

3. Pachinko

- **Frequency:** 2 sectors on the wheel.
- **How it works:** Inspired by the conventional Japanese arcade game, a big Pachinko wall is shown, filled with physical pegs. The host drops a puck from the top, and it bounces down through the labyrinth of pegs up until it lands at the bottom in one of numerous multiplier slots-- or in a "DOUBLE" slot, which doubles all multipliers on the board and triggers a drop once again.

4. Crazy Time

- **Frequency:** 1 segment on the wheel.
- **How it works:** The ultimate bonus round. Gamers go into a dynamic, virtual wonderland behind a red door, featuring a gigantic 64-segment wheel.
- Players choose one of three flappers (Green, Blue, or Yellow).
- The host presses a giant red button to spin the wheel.
- Whichever section the chosen flapper indicate is the multiplier won. If the wheel arrive on "DOUBLE" or "TRIPLE," all multipliers on the wheel are doubled or tripled, and the wheel spins again (as much as an optimum multiplier cap of 20,000 x).

Secret Features That Make Crazy Time Unique
