At its core, *Big Bass Crash* is a "crash game." Unlike a standard video slot where players spin reels and wish for matching paylines, crash video games include a rising multiplier curve.

In this particular version, our reliable angler takes off in his boat, and a net representing the multiplier starts to increase. As the boat travels even more, the multiplier increases. The primary goal is easy yet nerve-wracking: **money out before the net crashes.** If the boat crashes before the gamer hits the cash-out button, the stake is lost.

Nevertheless, Pragmatic Play injected the game with the charming visual identity of the *Big Bass* series. The soundtrack features the familiar positive acoustic plucks, the background showcases underwater vistas and eager fish, and the angler himself includes a layer of animated character to every round.
