Dive Into the Four Bonus Rounds

The main factor gamers flock to Crazy Time is the quartet of interactive perk games. When the wheel stops on a bonus section, players who put a bet on that particular sector are transferred (either digitally or visually) to a brand-new mini-game.

1. Coin Flip

- **How it works:** A basic coin with a red side and a blue side is flipped by a mechanical flipper. Each side is designated a random multiplier before the flip. Whichever side lands face up wins the multiplier for the taking part gamers. If the multipliers are low, a "Rescue Flip" can often be triggered for a second possibility.

2. Money Hunt

- **Frequency:** 2 segments on the wheel.
- **How it works:** Players face a massive screen showing a carnival gallery of 108 random multipliers concealed behind different icons (such as a cactus, a target, or a chef's hat). A countdown begins, and gamers should use an on-screen crosshair to choose a single icon. When time expires, all icons expose their surprise multipliers, and players are granted the multiplier representing their chosen target.

3. Pachinko

- **Frequency:** 2 segments on the wheel.
- **How it works:** Inspired by the conventional Japanese arcade game, gamers view a large Pachinko wall filled with physical pegs. The live host drops a puck from the top. As the puck bounces down through the maze of pegs, it ultimately lands in one of the slots at the bottom, each consisting of a multiplier. If the puck lands in a "DOUBLE" slot, all multipliers at the bottom double, and the puck is dropped once again for even higher stakes.

4. Crazy Time

- **Frequency:** 1 sector on the wheel.
- **How it works:** This is the ultimate bonus round. The host opens a red door leading into a surreal, gigantic virtual world behind the wall. The wheel includes massive multipliers, "DOUBLE," and "TRIPLE" sections. If a flipper arrive on a double or triple, all values on the wheel boost, and the wheel spins again.
