- **The Bonus Hunter Strategy:** Placing little wagers solely on the 4 reward segments (Coin Flip, Cash Hunt, Pachinko, and Crazy Time). This approach accepts regular losses on base numbers in exchange for direct participation whenever a benefit round is set off.
- **Covering the Board:** Some players choose to spread small bets throughout several numbers and benefit rounds to guarantee they have a stake in almost every spin. Nevertheless, this needs mindful bankroll management, as covering too many results can rapidly diminish funds if low-paying numbers keep hitting.

Best Practices for Responsible Gaming

- **Set a Budget:** Decide on a fixed quantity you want to spend before you begin playing, and never ever chase losses.
- **Understand the RTP:** Remember that bonus rounds provide high volatility. They can yield massive wins, but they do not hit on every spin.
