Whitening You Can Rely On

Team consultations are readily available-- ask our team about working with for your entire party. If you have crowns, veneers, or bonding, remember that whitening gel does not transform the color of oral remediations. Irregular lightening can take place if there is plaque accumulation or stains in certain areas. Consult your dentist for a much more customized therapy strategy. Utilize them well beforehand (a month or two) to ensure that you can tell whether you like the lead to time. If you're short on time, in-office lightening is the fastest way to achieve outcomes. Your dental practitioner makes use of professional-grade lightening representatives that provide a remarkable result in just one session. OR, you can leave us a message and we'll get back to you with choices to get going as quickly as you prepare. We supply practical Invisalign® clear aligners as an extra discreet alternative to dental braces! Invisalign is virtually-invisible, easily removable, and equally as reliable as braces. Outcomes approach in-office therapy, and the trays are your own to keep-- perfect for post-honeymoon touch-ups or future use. Your dental expert can make use of lower-concentration gels, shorter treatment times, and desensitizing representatives to make the procedure comfortable.
