1. The Waiting Period: When Does Production Begin?

Before a driving license can be delivered, it needs to be made. The procedure does not take place immediately upon passing the exam.

1. **Exam Center Submission:** After passing the state examination (WORD-- Wojewódzki Ośrodek Ruchu Drogowego), the center forwards the exam results to the regional federal government workplace (*Starostwo Powiatowe*, *Urząd Miasta*, or *Urząd Dzielnicy* depending on the city).
2. **System Update:** This transfer usually takes up to 2 working days.
3. **Cost Payment:** The applicant should pay the main license production charge (currently 100 PLN, plus a 0.50 PLN or 5 PLN commission depending upon the payment channel).
4. **Order Placement:** Once the office gets the examination pass notification and evidence of payment, they order the file from the Polish Security Printing Works (*PWPW-- Polska Wytwórnia Papierów Wartościowych*).

Typical Timelines at a Glance

Stage Approximated Time Notes Exam results sent out to workplace 1-- 2 working days Handled electronically by WORD Payment processing 1 working day Instant if paid directly at the workplace cashier Document production (PWPW) 7-- 9 working days Can take longer throughout peak holiday seasons Delivery/ Readiness for pickup 1-- 3 working days Depends on the selected shipment approach **Overall Estimated Time approx. 2 weeks** From passing the examination to holding the license

2. How to Track Your Driving License Status

Waiting without knowing the status of an official file can be frustrating. Fortunately, Poland provides a transparent online tracking system managed by the government.

People can check if their driving license is all set for collection or shipment without having to call or check out the office.

Steps to Check Status Online:

1. Visit the official Polish federal government website: **obywatel.gov.pl** or **esp.pwpw.pl**.

2. Browse to the section relating to driving license status (*Sprawdź stan sprawy-- prawo jazdy*).
3. Enter the required personal details (normally PESEL number, given name, and surname).
4. Review the current status displayed on the screen.

Understanding Status Messages

- **Dane zostały przyjęte przez urząd (Data accepted by the office):** The regional workplace has gotten the application and test results, but production has not yet started.
- **Trwa produkcja dokumentu (Document production in progress):** PWPW is currently printing and embedding security functions into the physical card.
- **Dokument został spersonalizowany i wydany (Document customized and released):** The license has actually been printed and sent out to the local authority or designated delivery address.
- **Dokument gotowy do odbioru (Document all set for collection):** The license has gotten to its location and is all set for the candidate.

3. Delivery Options: Pickup vs. Mail

When submitting the initial application for a driving license (normally done before taking the examinations, via the *Profil Zaufany* or in individual), candidates must select how they wish to get the physical card.

Choice A: Personal Collection at the Office

For individuals who choose to gather their license personally, the process is simple:

- **Where:** The specific *Urząd* (City Hall or District Office) where the application was submitted.
- **Requirements:** Bring a main kind of identification (passport or house card) and, if suitable, the old driving license (if exchanging a foreign or expired license).
- **Expense:** Free.

Alternative B: Delivery by Traditional Mail/ Courier

Many offices allow the physical driving license to be sent by mail directly to a residential or workplace address within Poland.

- **How it works:** The office sends out the printed document through authorized mail (*list polecony*) or courier service to the offered address.
- **Requirements:** Someone needs to be physically present at the address to sign for the document upon delivery. An ID needs to be shown to the postal worker.
- **Expense:** Standard postal costs apply, typically a little administrative cost included during the application process.

4. Unique Considerations for Foreigners

Foreign nationals residing in Poland who are transforming their home nation's license or obtaining a Polish license for the very first time face a couple of extra verification actions.

- **Verification of Foreign License:** If exchanging a non-EU driving license, Polish authorities must validate the authenticity of the file with the releasing country's embassy or transportation department. This can **significantly delay** the delivery timeline, frequently extending it from 2 weeks to a number of months.

- **Home Requirements:** To receive a driving license in Poland, candidates must show residency. This includes presenting a legitimate residence card (*karta pobytu*), visa, or EU registration certificate together with a registered address (*zameldowanie*).

5. What to Do If Your License Is Delayed

If the online status tracker shows that the file production is taking longer than the standard two-week window, applicants need to take the following actions:

- **Contact the Local Office:** Reach out directly to the *Wydział Komunikacji* (Department of Communications) at the specific city center where the application was filed.
- **Check for Missing Documents:** Occasionally, offices require additional signatures, upgraded medical certificates, or a brand-new passport-style photo.
- **Postal Delays:** If mail shipment was chosen, contact the local post workplace (*Poczta Polska*) utilizing the tracking number provided by the municipal workplace, as notification slips are sometimes lost.
