What is Big Bass Crash?

Big Bass Crash is an online casino game developed by Pragmatic Play. Unlike conventional slots that rely on spinning reels and paylines, Big Bass Crash comes from the "burst" or "crash" video game classification.

In this video game, gamers put a wager before a round starts. Once the round starts, a fisherman sets sail in his boat, and a multiplier starts to tick up from 1.00 x. The objective is basic yet stressful: squander your jackpots before the boat crashes (in this case, before the net breaks or the fish gets away). If you cash out in time, you win your stake increased by the existing value. If you hold on too long and the crash occurs, your bet is lost.
