Amboseli is about elephants opposed to Kilimanjaro; the Mara is set full-size cats and the migration. Amboseli is in the direction of Nairobi, drier, and most beneficial in https://masaimarasafaripackages.net/3-day-safari/ the clear months whilst the mountain reveals.

The Mara has denser predator populations and extra camps at each worth aspect. It also has the migration, which Amboseli can't present.

For a one week travel, either park plus a conservancy works. For a two week experience, combining them affords two very ***3 day masai mara safari*** other landscapes. Consider seasonal readability: Amboseli's mountain perspectives are unreliable exterior June to October and January to February. Compare ideas at %LINK%.
