

Exterior detailing at Gemstar Detailing includes hand wash, clay bar treatment, polish, and wax, restoring a vehicle's paint shine while protecting against environmental damage throughout Boise. This process removes contaminants that a standard car wash misses, preparing the paint surface properly whether the service concludes with wax [high-gloss ceramic coating](#) or moves forward into ceramic coating. Boise's dust, road grime, and intense summer sun all take a toll on vehicle paint over time, making regular professional exterior detailing a worthwhile investment.

Gemstar Auto Detailing Mobile Detail Boise | 880 E Franklin Rd Suite 306, Meridian, ID 83642 | (208) 971-4652

Gemstar's technicians perform this exterior work at the customer's own driveway or office parking area, maintaining the same mobile convenience across all service types. For exterior car detailing in Boise, call Gemstar Detailing at (208) 971-4652.
