

Best Teeth Whitening Sets You Should Look Into In 2026

Like the all-natural teeth-whitening pen above, Lumineux's lightening strips use coconut oil as its active component instead of hydrogen peroxide or carbamide peroxide. These strips likewise come suggested by Huang, who keeps in mind that they shouldn't create any type of irritation for the most delicate teeth. When I tried them out for myself, I liked that they were as thin and versatile as Crest's Whitestrips. I did notice that the lower strip was a little shorter than Crest's so it didn't cover as much of my reduced teeth.

Which Is Much Better For Sensitivity: Strips, Trays, Or Led Packages?
