What is Big Bass Crash?

At its core, **Big Bass Crash** is an online casino game established by Pragmatic Play that operates on the "crash" game mechanic (similar to titles like *Aviator* or *Spaceman*). Rather of spinning reels to match signs on paylines, players bank on an intensifying multiplier represented visually by a net cast from a boat into the water.

As the net sinks deeper and pulls up larger catches, the multiplier boosts. The goal is basic: cash out before the net breaks or the fish leaves. If players money out in time, they win their stake increased by the present value. If the video game "crashes" before they squander, the bet is lost.
