

Comic books, vinyl records, and collectible figures often hold both financial and personal value that goes beyond their size or weight. Manifest Moving Columbus treats these items with the same care given to fine art or antiques, recognizing that damage to a collection can be difficult or impossible to reverse.

Packing Comic Books Correctly

Comic books should be stored upright in boxes designed for their specific size, ideally with acid-free backing boards already in place to prevent bending. Manifest Moving Company avoids overpacking these boxes, since excess weight can cause corners to bend or spines to crease during transport.

Boxes containing comics should be clearly labeled as fragile and loaded last, placed on top of sturdier items to prevent crushing from heavier boxes stacked above them.

Handling Vinyl Records During a Move

Vinyl records need to be packed vertically, similar to how they sit in a shelf, rather than flat, which can cause warping under the weight of stacked boxes. A Moving Company in Columbus OH experienced with record collections uses sturdy boxes sized specifically to prevent records from shifting or leaning during transport.

Temperature matters here as well, since vinyl can warp in extreme heat. Columbus OH Movers plan truck loading and transit time with this sensitivity in mind, particularly for moves during summer months.

Manifest Moving Columbus Residential Moving Services

The [residential moving services](#) from Manifest Moving Columbus include attention to specialty items like collectibles as part of the overall household move, rather than treating them as an afterthought separate from the rest of the packing process. This integrated approach keeps valuable collections organized alongside everything else in the home.

Crews communicate with customers about which boxes contain sensitive collectibles so extra care is taken throughout loading and unloading.

Protecting Figures and Display Items

Collectible figures, especially those still in original packaging, benefit from individual wrapping and a snug fit within a box to prevent shifting. Manifest Movers in Columbus OH pack these items with extra cushioning around box edges, where damage is most likely to occur during transport.

Loose figures without original packaging should be wrapped individually in packing paper or bubble wrap before being placed together in a box to avoid pieces knocking against each other.

Moving a Collection Built Over the Years

Collectibles often take years to assemble and cannot always be replaced if damaged. Manifest Moving Columbus applies careful packing techniques specifically suited to these items, protecting <https://www.instagram.com/manifest.moving> the time and effort behind every collection.
